

## Scrap Foam Baling Machine

### Main Usage:

This machine is used for Scrap Foam Compress & Baling Working, it also can work for PU, PVC, PE and other Soft Materials.

### Specification:

Max. Working Size:	L600mm*W900mm*H1000mm
Oil Hydraulic Pressure:	20Ton
Working Speed:	0 ~ 15m/min
Working Efficiency:	40 ~ 80pcs/8Hours
Lifting Space:	0 ~ 800mm
Oil Tank Capacity:	300 L
Control Type:	Automatic Electric Control
Machine N.W.:	2000kg
Total Motor Power:	7.5kw
Floor Space:	L1500mm*W1300mm*H3000mm
