

Manual Foam Mixing Machine(Seated Type)

Batch Foaming:

This machines use the Hand Pouring. The mixing Propeller is Fixed at the Bottom of Mixing Tank, Less air comes into the Chemical Stream during the mixing which involves simple operation and high working efficiency.

Specification:

Mixing Capacity:	150kg	Match With Two Mixing Barrels	ϕ 450mm*H750mm*1pc, ϕ 500mm*H750*1pc
Mixing Speed:	0 ~ 1440 r/min(Adjustable)	Machine N.W.:	600kg
Total Motor Power:	11kw	Floor Space:	L1250mm*W650mm*H1100mm
